

Print at 100% / Actual size, SINGLE-sided. Crease along the grey line, fold so both printed faces are outward, glue, then cut. This bar must measure exactly 80 mm.

FIRST SOLVE

Now here? Do the walk-through once at cubepath3.svercel.app/turn. This card is the memory jog.

NOTATION
R U F L B B = turn that face clockwise, looking at from outside the cube
r = counter-clockwise, **2** = half turn. Lowercase **r f** = that face plus the layer behind it, turning together.
y = spin the whole cube left, white staying down. A whole-cube turn solves nothing.

WORDS
 algorithm = a fixed sequence of turns - trigger = a short algorithm you hand out to use **unit**

1 WHITE CROSS

White center DOWN. Bring the four white edges to it. Each edge's side color must match the center it touches. No yellow - work it out. Can't see it? Build the four white edges on the YELLOW face first, each above its matching center, then turn each one down 180 degrees.

2 WHITE CORNERS

Find a white corner on top, turn U until it sits above the empty slot it belongs in, then match a picture below and repeat until it drops in.

white sticker RIGHT
R'U'R

white sticker FRONT
L'U'L

white sticker UP run the first one once to knock it out, then look again
R'U'R

3 MIDDLE EDGES

Top edge with NO yellow: turn U until its front color matches the center under it. The arrow shows which slot it goes to.

goes RIGHT
U' R'U'R' y L'U'L

goes LEFT
U' L'U'L U' y' R'U'R'

Edge stuck in the wrong slot? Run either one to kick it out, then place it right.

 gap = change grip

14. **F R U R U F**
Two all right angles at all

13. **F R U R U F**
Hook two all right angles: hold them BACK and LEFT

12. **F R U R U F**
Line hold the left-to-right

11. **F R U R U F**
One algorithm up to three times: do to hook to come to corner.

10. **F R U R U F**
First it is at that yellow corner the center makes them. This algorithm is called "Sun" you use it on every card after this

9. **R B D R**
Two matched, side by side hold them BACK and LEFT

8. **R U R U R U**
Two matched, opposite turn it once from any hold, then

7. **Twist the yellow corners**
Twist the yellow corners place it once from any hold, then the next

6. **PUT THE YELLOW CORNERS HOME**
Twist the yellow corners place it once from any hold, then the next

5. **F R U R U F**
no corner home run it once from any hold, then look

4. **R U L**
Twist the yellow corners place it once from any hold, then the next

3. **R U L**
Twist the yellow corners place it once from any hold, then the next

2. **R U L**
Twist the yellow corners place it once from any hold, then the next

1. **PUT THE YELLOW CORNERS HOME**
Twist the yellow corners place it once from any hold, then the next
