2 WHITE CORNERS

Find a white corner on top, turn U until it sits above the empty slot it belongs in, then match a picture below and repeat until it drops.

white sticker UP run the first one once to knock it out,
then look again
RUR'U'

goes LEFT
U' L'U'LU y' RUR'U'

Edge stuck in the wrong slot? Run either one to kick it out, then ^{place} it

2/3 · A

No yellow edge at all? Run the first one, then read again.

■ **RUR'U'** sexy move ■ **RUR'U** Sune ■ **R'FRF'** sledgehammer gap = change grip

FALLBACK
The badge on each row is your fallback: that many Sunes, with a U turn between, also finishes the case. Machine-checked; three is the worst.
Top not all yellow and nothing matches? Run Sune and read again.

■■■ 3/3 · A

One face shows headlights: two corners of that face match. Hold as drawn, run, then turn the top to finish.

Learn in the printed order, three a week, about six weeks. Ja and Jb on the same day — one is the mirror of the other.
